

# **Golf Tournament for Literacy**

## **August 28, 2023**

**All of the money raised at our Golf Tournament for Literacy is used to develop and deliver free literacy and numeracy programs to Saskatoon and across the province.**

Last year, 95% of participants in Lead, our one-to-one adult tutoring program improved their literacy and/or numeracy skills.

Last year, we worked with 1,385 community members, 174 volunteers and 172 community partners.

Building financial literacy skills continues to be a priority in the community. Last year, 83% of participants reported changing the way they spend and/or save.

Last year, 82% of parents in our family literacy programs noted improved children's literacy skills.

97% of volunteers and teachers noted reading skills improvement last year because of Spark, our one-to-one children's tutoring program.

Over the last three years, we saw a 40% increase in trained volunteers, and 51 communities deliver our program across the province!

**Together we can build a culture of lifelong learning in Saskatchewan.**

**Join us on Monday, August 28, 2023 at the Saskatoon Golf and Country Club for a great round of golf followed by an excellent program with prizes, and stories of literacy success.**
